SEPTEMBER 2008

## At ACE Westchester, the Sky's the Limit!

When considering new or renewal business, don't allow height to stop you in your tracks! ACE Westchester Inland Marine is open to entertaining heights.

We have focused property and inland products and rates for the following risks:

### Communication Risks

- Broadcasting Radio and Television
- Telecommunication risks
  - Standard telephone
  - Modified
  - Latest Technology
- Cable operations
  - Above or below ground: reduced limits
- Internet and other various broadband operations
  - Commercial and private uses
- Cellular and Broadcaster Towers
  - Owned or Leased
- Tower construction and repair
- Satellite broadcasting and support operations
- Mobile broadcasting and larger video production risk
  - Mobile units
  - Remote Production sites

### Our Underwriting Characteristics

- \$35 million in house limits
- Admitted or surplus lines
- Flexibility to be in primary/excess or quota share position
- Ability to offer schedule or blanket
- Large schedules are our forte
  - Including incidental international exposures
- We offer property coverages as part of the inland marine coverages
- General liability coverage can be added on many of the risks
  - Property, Inland Marine and General Liability in one policy
